PAC Sponsored Digital Literacy and Internet Safety for Parents and Caregivers

April 18 7:00PM-9:00PM

Following our regular meeting, from 7 to 9 pm, we are pleased to host an online presentation by the White Hatter: **Digital Literacy and Internet Safety for Parents and Caregivers.**

Helping parents and family caregivers to proactively understand the enabling power of technology and mobile communications, but also how to mitigate the sometimes-unintended consequences of high risk or challenging online behaviour, this webinar serves as a 101 introduction on the many different subjects for families staying safe and private online. We address the immediate concerns and solutions caregivers can implement to raise digitally literate young adults. More information on this presentation can be found here: <https://thewhitehatter.ca/programs/digital-literacy-and-internet-safety-for-parents-and-caregivers/>

This live HD broadcast includes a Q&A and all parents and caregivers can join online from home or join us in the Kalamalka Secondary Library for a group viewing. The link to this presentation is: <https://app.sli.do/event/h6cu5bjX8wCTRboqynH9Ut> and the password is 3345. It is strongly recommended that parents' bookmark/save the link and password and **sign into the event 10 minutes** prior to the scheduled event going live, as we will be starting promptly at the designated time.
